TECHNICAL SKILLS

Programming Languages:	Python, C/C++, JavaScript, Java
Front-end:	HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, ReactJS
Back-end:	Node.js, MySQL
Productivity Tools:	MS Office, WordPress, Canva, Figma, Adobe Creative Cloud

PERSONAL PROJECTS

HeadLinnr | GitHub

[HTML](#), [CSS](#), [JavaScript](#), [Node.js](#), [MySQL](#), [News API](#)

- Developed HeadLinnr, a dynamic **news aggregator web application** that fetches and displays real-time news articles from various sources using the **News API**.
- **Integrated** the **NewsAPI** into the web app to fetch real-time headlines, enabling dynamic news updates.
- Supports features like **category filtering**, a **bookmarking system**, **search functionality**, dark mode toggle, clean and responsive UI, pagination for easy browsing, and a Contact Us form integrated with **MySQL** for user feedback.

Personal Portfolio | GitHub

[HTML](#), [CSS](#), [JavaScript](#)

- Personal **Portfolio** website built using **HTML**, **CSS**, and **JavaScript**. It showcases my projects, skills, education, and includes features like **scrollspy navigation**, and **responsive design**.
- Used **Font Awesome** for icons and **Google Fonts** for attractive fonts.

Weather App | GitHub

[HTML5](#), [CSS3](#), [JavaScript](#)

- A beautiful, responsive, and interactive **weather application** built with **HTML**, **CSS**, and **JavaScript**. It fetches **real-time weather** data based on user location or manual city input using the **OpenWeatherMap API**.
- Get weather data based on your current location.
- Used **Font Awesome** for icons.

EDUCATION

Faculty of Engineering & Technology, Gurukul Kangri Vishwavidyalaya

Bachelor of Technology in Computer Science & Engineering
CGPA: 9.03

Haridwar | Uttarakhand
May 2023 - April 2027

Primus Public School

Higher Secondary Certificate (Class 12)
Percentage: 91.2 %

Muzaffarpur | Bihar
May 2019 - March 2021

ACHIEVEMENTS

NPTEL IIT Madras – The Joy of Computing Using Python

Completed 12-week course with **Elite + Silver Certification (Score: 82%)**

Guided by Prof. Sudarshan Iyengar (IIT Ropar), this course covered foundational to advanced Python programming concepts, emphasizing problem-solving and real-world applications.

Microsoft Copilot for Productivity – Learning Path by Microsoft & LinkedIn

Completed a comprehensive course on leveraging AI-powered tools like **Microsoft Copilot** to enhance productivity, automate workflows, and support data-driven decision-making in modern work environments.

Computer Vision 101 – Certified by Infosys Springboard

Completed a course which strengthened my understanding of:

What Computer Vision is and why it matters, Core concepts like image processing, pattern recognition, and machine perception, Real-world use cases across industries.

Deloitte Australia Technology Job Simulation on Forage - June 2025

- Completed a job simulation involving development and coding
- Wrote a proposal for creating a dashboard

Extracurricular Activities

- **Volunteer, TechFest – Jnanagni 2023, GKV**

Played a key role in organizing and managing GKV's flagship technical festival; contributed to event planning, logistics, and on-ground coordination.

- **Creative Design Lead**

Designed promotional materials, event posters, and presentations using Canva, CorelDRAW, and PowerPoint, enhancing the fest's visual branding and outreach.
